## DESIGN TOOLS

### **Organization Charts**

Developed by HumanConcepts, OrgPlus 7 and OrgPlus Enterprise 3.0 enable HR professionals to visualize, model, analyze and distribute their workforce data within boardroom-quality organization charts. OrgPlus 7 is desktop software compatible with Microsoft Vista and Office 2007. Its new features and design tools makes it easier to create professional-looking organization charts that provide visibility, modeling, measurement and planning capabilities. OrgPlus Enterprise 3.0 is designed for organizations with 1,000 or more employees. Integrated into existing HR systems such as SAP, Oracle and PeopleSoft, it automates the creation and maintenance of centralized, Web-based organization charts, allowing visualization and communication of employee information, directories and organization hierarchies.
